**Directions:** Recently you completed a survey on Multiple Intelligences in your student resource packet. Since this is just one test to determine your strengths and weaknesses, it may be beneficial to take an additional test to provide you with a more accurate assessment of your multiple intelligences. Go to the above internet site and complete the online test. Once you are finished with the test, it will provide you with a visual of your results. You should print these results and use it as an additional reference when you begin your writing assignment.

*Please be aware that this test does not address the existential intelligence*
