

Dear Parents/Guardians,

As part of our science series, each student will receive a numbered hardcover student text for each unit of study. Additionally, students have the option of signing out a CD containing all modules. These CDs also contain numerous activities for review and enrichment. However, many of the activities and enrichment resources can be found at [www.classzone.com](http://www.classzone.com) if students do not decide to sign out a CD.

The cost for a lost or damaged book is \$16.75 and the cost for a lost or damaged CD is \$64.75. Since the replacement cost for loss or damage of the CDs is higher than the single unit module texts, it is suggested that each student who takes a CD uploads the disks to a home computer and returns the original right away. Students do have the option, however, to turn in their assigned CDs at the end of each year.

Please sign below to indicate you have read and understand the information regarding science textbooks and CDs.

Sincerely,

John R. Jones Jr.
